The Cookie Program

- A well known component of Girl Scouting is the Cookie Program. It's the largest girl-run business in the world.
- Once a year, Girl Scouts around the country venture into the entrepreneurial world to learn business and financial skills and earn money to fund their Girl Scouting goals.
- Girl Scouting aims to empower girls through **The FIVE Essential skills:**

Cookie Booths

Why do we do them?

- The Girl Scout Cookie Program gives girls the opportunity to set up, run, and manage their own booth sales. Like all cookie sale proceeds, booth sale proceeds belong to the troop, not individual girls.
- They select times and locations for their booth sale, conduct buying/selling transactions, handle money, build their presentation and conversation skills, keep records, set up product displays, manage inventory, and much more!

Making

Booth Staffing

- **Check all booth guidelines and store restrictions** as provided, regarding girl/ adult limits and number of doors allowed. A minimum of two adults and two Girl Scouts must be present at all times. One adult must be a registered Adult Girl Scout and have completed cookie training or this on-line cookie booth training. The other adult can be a mom, dad, grandparent, or any **responsible** adult over the age of eighteen.
- Before scheduling girls to work a booth, be sure to check the booth stipulations to see how many girls may be at the door. Many stores only allow for two girls, and two adults. You can always schedule girls for part of a booth, and switch out midway through to give the girls all a chance to participate. We never want to overwhelm our customers by having too many Girl Scouts by the doors.

Many two door stores, are now considered two booth locations. Make sure and double check which door is for your troop's booth!

Older Girl Booths **1** girl **to** **1** adult

Seniors & Ambassadors ONLY

In an effort to assist our older girls, we have established a program designed to fit the needs of our older Girl Scouts.

- Older girls, Senior and Ambassador ONLY, may work 1 to 1 booths.
- All 1 to 1 booths must be assigned by their troop in Smart Cookies, just like regular booths.
- All cookie booth guidelines must be followed.
- **Older girls must work in full uniform**, meaning sash or vest must be worn to ensure no confusion that a “girl” is present.
- 1 to 1 booths have a poster (found on the council website - GSSGC.org) that must be displayed at their booths, at all times.

Please keep in mind that these booths are designed to allow older girls an opportunity to booth when their peers are unable to booth with them. However; always TRY and find a booth buddy first, as that is the best way to help a Girl Scout sister reach her goals too!

During Your Booth

- Bring your own equipment and supplies:

Table to display your cookies.

Marketing publicity posters, troop banners, etc, for your display.

Inventory always try to have every flavor available so you don't lose sales.

- Always keep boxes/cases off the ground, even when setting up or breaking down your booth.

Utilize **wagons, crates, or other platforms**.

Empty cases may not be used as decoration or a base. It cannot be verified that they are empty.

DO NOT use the location's shopping carts to store inventory or booth items during the booth.

- **NEVER** GIVE COOKIE SAMPLES to customers.

It is against California Health Department regulations.

- Girls AND adults should wear Girl Scout appropriate attire.

Uniform/ Troop t-shirt preferable.

Girl Scout membership pins should always be worn.

- **Siblings and pets MUST be left at home.**

Tag-a-longs are not allowed at a booth sales nor left in cars in parking lots.

- Girls should take their breaks away from the booth and **NEVER** eat at a booth.

PROP 65

WARNING: Consuming these products can expose you to chemicals including acrylamide, which are known to the State of California to cause cancer and birth defects or other reproductive harm.

For more information go to www.P65Warnings.ca.gov/food

What is Proposition 65?

Proposition 65 entitles California consumers to special warnings for certain products that contain “chemicals known to the State to cause cancer or reproductive harm.” Proposition 65 was enacted in California by ballot initiative in 1986. Since its passage, tens of thousands of products – ranging from laundry detergent to fresh fish to even some shoes and clothing – have been required to carry Proposition 65 warning labels.

Where is acrylamide found?

Acrylamide has been found in many plant-based foods, such as roasted asparagus, canned sweet

potatoes and pumpkin, canned black olives, roasted nuts, coffee, roasted grain-based coffee substitutes, prune juice, breakfast cereals, crackers, some cookies, bread crusts, french fries, potato chips and other fried and baked snack foods.

How will this affect my physical health and what can I do to protect myself?

The FDA encourages the adoption of a healthy diet and does not recommend that consumers stop eating foods that are fried, roasted or baked. Acrylamide is found naturally in foods at a low dose and consumed regularly by millions of Americans without any negative effects. However, consumption of extremely high doses has been linked to cancer in laboratory animals.

Why now and why am I seeing this warning label in states other than California?

Acrylamide is listed as a chemical that is known to cause cancer under Proposition 65. Thus, the State of California requires products that contain acrylamide to provide a warning label about potential consequences.

A Prop 65 flyer or “table tent” must be displayed at EVERY BOOTH SALE!

The table tent can be found on our website www.gssgc.org

3. Have an order card handy to reference nutritional information and ingredient lists.
4. Be sure that girls are the ones sharing information at all times.
5. Have girls practice their “elevator speech” together.

BE ALERT!!

- Watch the girls, money, and cookies, carefully.
- Watch for anyone loitering in the area.
- Notify security guards or leave if you feel the location is not safe.
- Always use good judgment, if you don't feel safe, pack up the booth and leave. *Call your leader and/or the team and we will find you another place to go.*

Counterfeit Money

Be cautious when accepting cash.

- Council will only accept bad debt for counterfeits of \$20 bills and less. We will not accept \$50's or \$100's as bad debt. We suggest you do not take \$50's and \$100's, as such you take these at your own risk.
- A bad debt form must be filled out for the counterfeit bill waiving the troop's responsibility for that dollar amount.
- Counterfeit bills are either turned into the police department or seized by the bank. In either case a receipt is given to the troop leader in exchange for the bad bill.
- Do not confront a customer when suspect a counterfeit if you do not feel safe

*This receipt must be attached to the bad debt form

Collecting Payment at Booths

- You can accept booth credit card payments in Digital Cookies
 - Please reach out to your Troop Coordinator if you are unsure how to process credit card payments via the Digital Cookies App
 - You should never accept Troop Booth payments to personal CashApp, Zelle, Venmo or PayPal accounts – This is not allowed.
- Have change available.
 - **Never** ask the host business for change.
- Do not leave cash visible to customers.
- Only adults should handle the cash box.
 - Girls can give change
- If displaying an I Care donation container, empty it on a regular basis to prevent theft.
- Do not accept bills larger than \$20.00.
- Do not accept checks

Setting-Up & Closing Down Your Booth

- Begin and end on time.
 - If you arrive early, be respectful of the troop scheduled before you, so that you don't interfere with their sales. (don't encroach on their booth while you are setting up.)
 - Likewise, be prepared to depart when your scheduled time is up. When arriving for your shift, sales **PRIOR** to your scheduled starting time are **THEIRS**; sales **AFTER** your scheduled starting time are **YOURS!** When ending your shift, sales **PRIOR** to your ending time are **YOURS**; sales **AFTER** your ending time are **THEIRS**.
- Display your Troop Number and Prop 65 notice on your Booth Table in plain view.

Girl Scout Law

I will do my best to be
honest and fair,
friendly and helpful,
considerate and caring,
courageous and strong,
and responsible for what I say and do,
and to
respect myself and others,
respect authority,
use resources wisely,
make the world a better place,
and be a sister to every Girl Scout.

After Your Booth

- Turn money into your leader immediately and/or deposit it ASAP.
 - If you sell at a grocery store and instructed by your coordinator, you can purchase a money order made payable to the Troop, then deposit it into your troop account later.
- Use the “*Troop Booth Sale Report*” to keep track of cookies and money at each booth sale.
 - Tip: You can make copies of the report.
- Leave your area clean by bringing trash bags and take your **empty cardboard cases** with you; do not leave them at the store or in their trash cans. **Remember, Girl Scouts Leave No Trace!**

Almost 9/10 people will buy Girl Scout Cookies if asked..

#1

Reason given for not buying, is not being asked!

A Girl Scout Cookie Booth is a service to the existing customers of a business and can attract new customers to the store or office.

Cookie booths are the perfect place for girls to leverage their cookie smarts and unleash their entrepreneurial spirit. But along with that excitement comes some important responsibilities.

Be sure to follow all the guidelines that your council sets in terms of designated and approved booth locations, as well as the requirements for setting up, running, and taking down a booth.

Use this flyer as a reminder for how to talk to customers about the cookie program and how to navigate difficult scenarios that may come up.

Booth Requirements

- While at a cookie booth, make sure girls wear their uniforms, other Girl Scout-branded clothing, or their membership pin to clearly identify themselves as Girl Scouts. It's a great way to show your Girl Scout pride!
- All booth sales must take place in a designated, council-approved area.
- Booths should not block a store entrance or exit.
- Make sure there is adequate space for a table for the cookies to be on display, and the participating girls. Ensure that pedestrians, bikes, and cars can safely pass by.
- Always have a first-aid kit available at the booth.
- Have volunteers/adults present at a booth at all times.

Tips for Safeguarding Cookie Money

- After receiving cash and making change, girls should hand the money to a volunteer for safekeeping and to deposit into the cash box as soon as possible.
- Keep the cash box in a safe place or behind a barrier of cookie boxes.
- Don't walk around with large amounts of money.
- Bank cookie money often and do not keep money at home or at school.
- Reduce cash transactions by offering credit card payment options whenever possible.

“What If?” Scenarios

1

What if you're approached by an irate customer(s)?

- Try to get a good look at the person in case you need to describe them to security or the police.
- If the situation calls for it, call 911 and alert security.

PRO TIP: Never argue or negatively engage with a customer. Try to stay calm.

3

What if someone makes you feel uncomfortable at the cookie booth?

- Depending on the circumstances, we want you to feel empowered to capture these individuals with your smartphone's video, photo, or audio recording capabilities to provide evidence to police or security.
- Please try to remain calm and respectful at all times, even when it might be difficult to do so.

PRO TIP: Don't engage with the person(s) or use hostile language. Try to keep your cool and stay neutral.

5

What if a customer complains about where the cookie proceeds go?

You can say, “Girl Scout Cookie proceeds stay local to power amazing adventures and life-changing opportunities for girls, such as STEM activities, trips, community projects, and charitable donations. The more cookies you buy, the more you help the troop and the girls' success as they grow into strong leaders.

PRO TIP: Always practice good listening skills before replying. Do not engage with someone if the situation escalates.

2

What if someone asks you, “What's the difference between Girls Scouts and Boy Scouts?”

- Girl Scouts and Boy Scouts are two completely different organizations.
- Girl Scouts leadership experience is designed with, by, and for girls—every G.I.R.L.! And research shows there's no better place for her to discover her full potential.
- Talk to cookie customers about what the Girl Scout experience has been like for you and your troop.

PRO TIP: Stay positive. Don't put other organizations down. Just lift Girl Scouts up!

4

What if someone steals money or cookies from the booth?

- Try to get a good look at the offender so you can describe them to security or the police.
- Call 911, and alert security (if applicable).
- Report any incidents to your council according to its guidelines.

PRO TIP: Never attempt to physically recover stolen items or confront a suspect.

Troops MUST cancel any booth that they are not going to use. This is done through Smart Cookies.

This is very important so that another troop looking for a booth can schedule that spot, even if at the last minute.

Business
Ethics

IMPORTANT:

- Do not set up a booth sale in a non approved locations. Only set up where your troop has been scheduled to sell, through Smart Cookies.
 - Booth sale locations are arranged and contracted by trained volunteers ONLY.
- Do NOT approach store managers of potential booth locations on your own. If you see a location we do not currently have available, notify your regional cookie team, and they will see if it is a viable location to add to the booth scheduler in Smart Cookies
- If you own a business and would like to have a booth sale there, your regional team must approve it and complete the necessary paperwork. Standard booth guidelines will still apply. You **MAY NOT** sell cookies from the counter at your business.

SERIOUS NO-NO'S, DON'T DO THIS EVER!!!!!!

- **Do NOT sell cookies from another council, EVER!!!!!!**
- **Do NOT sell cookies for more or less than they cost.**
- **Do NOT sell expired cookies – duh!**
- **Do NOT sample cookies – ever!**
- **Do Not fight with store managers or other parents!!!!**

If you do, or one of your families does, what happens???

- Immediate loss of Booth privileges
- Loss of troop proceeds
- Can be removed from leadership position
- State board of health can fine you

Booth Sales

- Allowed within Council jurisdiction only, at all times,
- Allowed only within each Council's published bothing period,
- Cross-Border (Out of Council) "popped trunks" or walkabouts are not approved booth locations and are prohibited.

- We will not block the entrance and we will only address customers as they are leaving the business.

- We will clean up after our booth sale and take our trash with us.
