1. **Confirm** that approval is needed for your activity. Find more info on the [Safety Activity Checkpoints \(SAC\) Matrix](#) below.

Additional Information

Volunteer Essentials and GSSGC Policies & Procedures are your primary source for guidelines on girl-adult supervision, transporting girls, first aiders, and general safety.

Progressive adventures feature Master Progression Charts for three activity categories. Girls build skills as they move into increasingly challenging opportunities:

- **Climbing and Adventure Sports** includes slacklining, low and high climbing elements, bouldering, and artificial climbing walls.
- **Paddling and Rowing Sports** includes rowboats, corcls, canoes, kayaks, standup paddleboards, and whitewater rafting, all with varying currents or conditions.
- **Target Sports** includes slingshot, target paintball, air/BB gun, archery (and 3D archery), rifle, shotgun/trap/skeet, muzzle-loading and pistol. Special approval is required for firearms, and will be granted only for documented instructors at approved ranges. Contact the GSSGC Program Team for more information on approved locations; allow at least 45 days. Volunteers are urged to partner with parents/guardians to consider all facets of gun use.

Limits on specific activities have to do with the appropriateness for the age group involved. For example, Girl Scout Brownies may whitewater raft only in Class I or II rapids. When you see an “L” in the Safety Activity Checkpoints Matrix or a Master Progression Chart, read the SACs for the details. Know that *any* activity has the potential to be above the girls’ age or skill level, depending on conditions. Seek expert advice. For each specific activity, make sure you note the appropriate age level and instructor-girl ratios.

Indoor Trampoline Parks: Activity Approval is no longer required. As with all activities, use reputable venues with a certificate of liability insurance on file, and follow the SACs.

Reminders:

Activities Not Permitted include activities with potential freefall, X Games-type sports, outdoor trampolines, jet skis, ATVs, flying in privately owned aircraft, etc. See the list in [Safety Activity Checkpoints](#).

Contracts Over \$500: generally, contracts which exceed \$500 no longer require council staff signature. Use good judgment and ask for advice whenever making these arrangements. Please note:

- Drivers may rent cars or minivans in their own names without staff signature. Evaluate the need for collision and liability insurance coverage with your carrier.
- Vans designed for more than 12 passengers are not permitted. ANY plans to borrow or rent a passenger van or bus must be reviewed by council staff, even if there is no cost. Contact customercare@gssgc.org to get started.

Insurance Matters!

Girl Scouts requires vendors and venues to carry liability insurance. Does your vendor/venue have insurance on file with council? Send copies of insurance to customercare@gssgc.org with subject line “Liability Insurance”

If your vendor/venue requests a certificate of insurance email customercare@gssgc.org

Your event may require additional insurance if you are including non-Girl Scout members or stay more than two nights. Email customercare@gssgc.org to request instructions to purchase.

Go! Have a great time! Be sure to reflect with your Girl Scouts afterwards.
