

Troop Finance Report

All Girl Scout Troops/Groups are required to submit this form to the community development staff within 30 days of a change in leadership or when troop is disbanding.

Per Policies & Procedures for Volunteers financial guidelines, troop leaders, or a designated troop treasurer, must keep up-to-date, accurate records of all monies received and spent, including receipts and copies of the troop check book register and bank statements. Parents, girls and Girl Scout personnel have the right to review these records upon request. Refusal to comply could result in the troop/group account being frozen until financial records are submitted as well as result in the release of a volunteer from her/his position. If you have any questions, please contact your community development staff.

Disbanding*

*Disbanded troops are required to close all bank accounts and submit this form along with a Disbanded Troop Report and cashier's check for the ending bank balance, payable to Girl Scouts. These funds will be held in a restricted account for one year and if in that one year a girl decides to join a different troop the leader of that troop can request in writing that an equally portioned amount be transferred into the new troop's account. Girl Scout funds are at no time the property of an individual girl or her family.

List current, non expendable, troop/group equipment inventory such as tents or flags.
